PRESIDENT’S INTRODUCTION

As we engage in setting our new strategic direction for the 2023 – 2026 years, we are pleased to share with you the following comprehensive report, which concludes our 2018 – 2023 5-year strategic plan, adopted by the ASCCC delegates through resolution 01.01 S18. It was an ambitious and comprehensive plan consisting of six goals, fourteen objectives, and forty-nine strategies. This well-mapped plan was critical at the time to communicate that the ASCCC was setting a very strategic path forward; many changes were coming to the California Community Colleges system, and academic senates had a crucial role to play. The ASCCC remains committed to promoting academic excellence, supporting faculty leadership, and advocating for the educational needs of all students.

To achieve our organization’s path forward, the ASCCC identified six strategic priorities which guided our work over the last five years. Our strategic priorities included:

1. Asserting the faculty voice and leadership in local, state, and national policy conversations;
2. Engaging and empowering diverse groups of faculty at all levels of state and local leadership;
3. Asserting ASCCC leadership in all faculty professional development for the California Community College system regarding academic and professional matters;
4. Enhancing engagement, communication, and partnerships with local senates and system partners, and other constituent groups;
5. Securing resources to sustain and support the mission and the work of the ASCCC; and
6. Sustaining, supporting, and expanding the ASCCC Course Identification Numbering System (C-ID).

Our strategic plan included specific strategies and tactics to achieve each of these priorities and the ASCCC worked collaboratively with stakeholder groups to ensure successful implementation. By focusing on these priorities, the ASCCC asserted the primacy of faculty voice in policy development and conversations, worked to close equity gaps, increased faculty diversification, enhanced access to professional development opportunities, and engaged with partner organizations to meet the needs of every student in the California Community College system.

We are committed to ensuring that the ASCCC remains a strong advocate for California’s community college system and its faculty. We believe that by working together, we can achieve our vision of an educational system that is grounded in the tenets of inclusion, diversity, equity, anti-racism, and accessibility (IDEAA) and truly accessible to all students.

I look forward to working with all of you as we implement our new strategic directions and continue to build a strong and vibrant academic community.

With gratitude and appreciation,

Ginni May
ASCCC President

An environmental scan was not part of the strategic planning for the ASCCC but will be included in the future plan.

SWOT Analysis

An SWOT analysis was not part of the strategic planning for the ASCCC but will be included in the future plan.

Periodic Review of the ASCCC

In Spring 2013, the Academic Senate delegates for California Community Colleges (ASCCC) determined that the ASCCC should be periodically reviewed to ensure the public good and accountability. The purpose of the review was to provide internal and external stakeholders assurances of the ASCCC's quality and commitment to the standards it sets for itself, to assist in improving the effectiveness of its programs and operations to meet its stated goals, and to improve its policies and procedures. The Periodic Review Committee (PRC) was created with the charge to conduct the review of the ASCCC. The process for selecting PRC members initially consisted of a random selection process from a list of faculty who had participated in ASCCC events. It has been refined to ensure representation from each of the ASCCC four areas.

In following a process of self-review and improvement, and in response to the Periodic Review Reports of 2016-17 and 2020-21, the Periodic Review process has been reviewed and updated. The Periodic Review shall be conducted by a Periodic Review Committee (PRC) using the following criteria and processes structured around the ASCCC Mission with a focus on accountability, benefit to the public, and transparency. The Periodic Review Guidelines for additional information regarding the process for the review are available on the Periodic Review Committee webpage of the ASCCC.

The ASCCC acts to:

• Empower faculty to engage in local and statewide dialog and take action for continued improvement of teaching, learning, and faculty participation in governance
• Lead and advocate proactively for the development of policies, processes, and practices
• Include diverse faculty, perspectives, and experiences that represent our student populations
• Develop faculty as local and statewide leaders through personal and professional development
• Engage faculty and system partners through collegial consultation

VISION
Faculty leading change, serving students, and advancing inclusion, diversity, equity, anti-racism, and accessibility.

VALUES STATEMENT

LEADERSHIP
The Academic Senate champions and models the effective leadership role of faculty at their colleges and at the state level, promotes the inclusion of leaders from various backgrounds and experiences in order to represent all faculty, and fosters faculty participation in governance to effect change and promote student success. The Academic Senate facilitates and supports the development of faculty leaders. The Academic Senate is respectful and reflective in its work and relationships and expects accountability from its leaders. In all its activities, the Academic Senate adheres to the highest professional ethics and standards.

EMPOWERMENT
The Academic Senate empowers faculty from diverse backgrounds and experiences in order to promote inclusiveness and equity through its publications, resources, activities, policies, and presentations. The Academic Senate collaborates with other statewide organizations, and with administrators, trustees, students, classified professionals, and others, to develop and maintain effective relationships. The Academic Senate believes that collaboration with others and faculty engagement improve professional decisions made locally and at the state level.
VOICE

The Academic Senate asserts faculty primacy in academic and professional matters as established in statute and regulation and incorporates diverse perspectives as a means of reaching reasoned and beneficial results. The Academic Senate is the official voice of the California community college faculty in statewide consultation and decision making regarding academic and professional matters and, through leadership and empowerment, endeavors to make each local senate the voice of the faculty in college and district consultation and decision making. The Academic Senate values thoughtful discourse and deliberation and centers its work on student success.

INCLUSIVITY STATEMENT

With the goal of ensuring the equal educational opportunity of all students, the Academic Senate for California Community Colleges embraces diversity among students, faculty, staff, and the communities we serve as an integral part of our history, a recognition of the complexity of our present state, and a call to action for a better future. Embracing diversity means that we must intentionally practice acceptance and respect towards one another and understand that discrimination and prejudices create and sustain privileges for some while creating and sustaining disadvantages for others. In order to embrace diversity, we also acknowledge that institutional discrimination and implicit bias exist and that our goal is to eradicate those elements from our system. Our commitment to diversity requires that we strive to eliminate those barriers to equity and that we act deliberately to create a safe and inclusive environment where individual and group differences are valued and leveraged for our growth and understanding as an educational community.

To advance our goals of diversity, equity, inclusion, and social justice for the success of students and employees, we must honor that each individual is unique and that our individual differences contribute to the ability of the colleges to prepare students on their educational journeys. This requires that we develop and implement policies and procedures, encourage individual and systemic change, continually reflect on our efforts, and hold ourselves accountable for the results of our efforts in accomplishing our goals. In service of these goals, the Academic Senate for California Community Colleges is committed to fostering an environment that offers equal employment opportunity for all.

As a collective community of individual colleges, we are invested in cultivating and maintaining a climate where equity and mutual respect are both intrinsic and explicit by valuing individuals and groups from all backgrounds, demographics, and experiences. Individual and group differences can include but are not limited to the following dimensions: race, ethnicity, national origin or ancestry, citizenship, immigration status, sex, gender, sexual orientation, physical or mental disability, medical condition, genetic information, marital status, registered domestic partner status, age, political beliefs, religion, creed, military or veteran status, socioeconomic status, and any other basis protected by federal, state or local law or ordinance or regulation. We acknowledge that the concept of diversity and inclusion is ever evolving, and thus we create space to allow for our understanding to grow through the periodic review of this statement.

The LAC identifies existing ASCCC positions and relates them to proposed legislation. The LAC is also responsible for providing legislative alerts to the local academic senates, identifying liaison persons to contact legislators, and providing support to local academic senates regarding California's legislative process as it has bearing on academic and professional matters. It is the goal of the LAC to provide the ASCCC President and the Executive Committee with the resources to ensure that the ASCCC is recognized as the voice of authority with the California Legislature, Legislative Analyst’s Office, Department of Finance, and Governor's Office in the areas of academic and professional matters.

Part-Time Faculty Committee

The Part-time Faculty Committee provides recommendations to the Executive committee on academic and professional matters that affect part-time faculty members. The committee recognizes that part-time faculty make up the majority of California community college faculty and serve disproportionately-impacted students. This committee advocates for diverse part-time faculty colleagues, ensuring their access to professional and leadership development offerings as well as shared governance opportunities at the local and statewide levels. The part-time faculty committee collaborates with the executive committee to develop and provide opportunities where part-time faculty gain additional insight on issues germane to academic and professional needs. This committee is also focused on promoting diversity within part-time faculty pools with the goal of having educators who reflect the student population, and this committee further commits to empowering part-time faculty voices who have been historically excluded (e.g., colleagues of color).

Math and Quantitative Reasoning Task Force (work ended in spring 2019)

The California Community Colleges Math and Quantitative Reasoning Task Force (MQRTF) was formed in partnership with the Academic Senate for California Community Colleges (ASCCC), California Mathematics Council of Community Colleges (CMC3) and California Mathematics Council of Community Colleges-South (CMC3-South) to:

- Research the various and diverse perspectives on appropriate content for math/quantitative reasoning education for non-STEM majors;
- Develop recommendations on math and quantitative reasoning standards for non-STEM majors;
• Develop a plan for how to provide opportunities for more students to consider STEM fields (since the United States is producing fewer and fewer STEM graduates, especially in groups that are disproportionately impacted);
• Provide a report to the ASCCC, CMC3, and others, such as the California Community Colleges Chancellor’s Office and Board of Governors, to consider that includes the research results and recommendations; and
• Request a response from ASCCC, CMC3, and other stakeholders.

Periodic Review Committee (as needed)

In spring 2013, the delegates of the Academic Senate for California Community Colleges (ASCCC) directed the ASCCC, through Resolution S13 1.02, to develop a process of periodic institutional review for assessing operations, policies, processes, and programs in order to ensure the public good and accountability. The purpose of this review is to provide internal and external stakeholders assurance as to the ASCCC’s quality and commitment to the standards it sets for itself, to assist in improving the effectiveness of its services and operations in order to meet its stated goals, and to improve its policies and procedures. In spring 2014, guidelines and process documents were adopted through Resolution S14 1.02. In following a process of self-review and improvement, and in response to the Periodic Review Reports of 2016-17 and 2020-21, the Periodic Review process has been reviewed and updated. The Periodic Review shall be conducted by a Periodic Review Committee (PRC) using the following criteria and processes structured around the ASCCC Mission with a focus on accountability, benefit to the public, and transparency. Please see the Periodic Review Guidelines for additional information regarding the process for the review.

For additional information on the 2020-21 Periodic Review, visit the Periodic Review section in the document.

SLO Symposium Committee (as needed)

The purpose of the Academic Senate’s SLO Symposium Ad Hoc committee is to provide guidance, coordination, and implementation for the SLO Symposium that takes place annually in February. The committee is tasked with considering presentation ideas and proposal for breakouts and general sessions and will work with the Academic Senate office on marketing and publicity for the event.

Task Forces and Initiatives

Open Educational Resources and Initiative

The mission of the ASCCC Open Educational Resources Initiative (OERI) is to reduce the cost of educational resources for students by expanding the availability and adoption of high-quality Open Educational Resources (OER). OERI facilitates and coordinates the curation and development of OER texts, ancillaries, and support systems. You may visit the ASCCC OERI website for additional information on the work of this initiative.

You may access the ASCCC OERI 2022 Department of Finance Progress Report for information on the progress of the initiative through February 2022.
Course Identification Numbering (C-ID) System

The Course Identification Numbering System (C-ID), is a faculty-driven system that was initially developed to assign identifying designations (C-ID numbers) to significant transfer courses. C-ID addresses the need for a “common course numbers” by providing a mechanism to identify comparable courses. Most C-ID numbers identify lower-division transferable courses commonly articulated between the California Community Colleges (CCC) and universities (including Universities of California, the California State Universities, as well as with many of California’s independent colleges and universities). While C-ID’s main focus was on courses that transfer, some disciplines may opt to develop descriptors for courses that may not transfer to UC or CSU.

The ASCCC has implemented the C-ID grant since 2010. You may visit the C-ID website for additional information on the work of the grant.

Transfer Alignment Project Workgroup

In fall 2019, the ASCCC started the first phase of addressing the Resolution F17 15.01 Aligning Transfer Pathways for the CSU and UC Systems. The Transfer Alignment Project (TAP) Workgroup’s overall goals are to Align Transfer Model Curriculum (TMC) with University of California Transfer Pathways (UCTP), where feasible, i.e. only non-substantive changes to the TMCs would be needed; and for those TMCs that need more changes, discipline faculty convene from all three systems, every attempt is made to align the pathways with two possible outcomes: Pathways aligned with substantive changes to TMC and/or UCTP (currently, only TMCs have been considered for changes) or if the pathways cannot be aligned, then clear documentation on the rationale and benefits of separate pathways to students and public is communicated broadly.

ASCCC Liaisons

CTE Liaison

This position focuses on career and technical education and workforce development efforts, issues, and challenges in the California community colleges. The CTE liaison may consider sharing information with faculty on creating and maintaining responsive and system-wide portable curriculum, programs, and degrees aligned to current and emergent industry trends and guided pathways,
with a focus on diversity, equity, and inclusion in all aspects of career technical education. The ASCCC often appoints CTE liaisons to serve as volunteers to various statewide initiatives, workgroups, committees, and task forces in order to ensure that their interests are represented.

**Guided Pathways Liaison**

This position focuses on guided pathways efforts, issues, and information pertaining to innovative strategies and actions that support students in achieving their educational goals. Liaisons communicate with their local academic senates and campus faculty regarding guided pathways efforts and implementation relevant to the local college or district.

**IDEAA Liaison**

This position focuses on efforts throughout the California Community Colleges system around inclusion, diversity, equity, and anti-racism (IDEA) work, including through the C CCCO Call to Action, the DEI Task Force Recommendations, and the Vision for Success goals with an effort to eliminate equity gaps.

**Legislative Liaison**

This position focuses on tracking current information regarding relevant legislation and enabling the local academic senate to form positions upon which it may wish to act, providing information and analysis to the local senate and receiving in response feedback and direction for action. Through various opportunities, liaisons often also provide the ASCCC with information that may influence legislation.

**Noncredit Liaison**

This position focuses on initiatives, plans, and ideas for curricular redesign and communication about noncredit education. The ASCCC often appoints noncredit liaisons to serve as volunteers to various statewide initiatives, workgroups, committees, and task forces in order to ensure that their interests are represented.

**OER Liaison**

This position focuses on taking an active role in increasing local open educational resource (OER) awareness, adoption, and support. The OER liaison is an integral component of the ASCCC Open Educational Resource Initiative (OERI), with the goal of supporting local college OER efforts by creating a network of OER liaisons that serve to connect local colleges to the OERI and centrally-hosted OER-related support systems, ensuring an effective means of communication with the OERI and providing relevant resources.

**Part-Time Faculty Liaison**

This position focuses on issues related to part time faculty in the California Community College System. Part-time faculty liaison may consider sharing information with faculty on creating and maintaining responsive and system-wide portable curriculum, programs,
and degrees, professional learning opportunities and part-time faculty participation in governance, committee service, and other leadership opportunities, with a focus on Inclusion, Diversity, Equity, Anti-racism and Accessibility (IDEAA). The ASCCC often appoints part time faculty liaisons to serve as volunteers to various statewide initiatives, workgroups, committees, and task forces in order to ensure that their interests are represented.

**Rising Scholars Faculty Liaison**

The purpose of a local Rising Scholars faculty liaison is to serve as a point of contact for ASCCC communications specific to faculty engaged with Rising Scholars, carceral instruction, and support of justice-involved students. Locally, liaisons should disseminate information to other Rising Scholars colleagues and to their local senate.

**ASCCC Caucuses**

Academic Senate caucuses are intended to serve as groups of independently organized faculty to meet, network, and deliberate collegially in order to form a collective voice on issues of common concern that caucus members feel are of vital importance to faculty and the success of students as they relate to academic and professional matters. Caucuses may also engage in activities to provide professional development and mentoring opportunities in coordination with ASCCC leadership while still protecting the autonomy of the caucuses. Caucuses can seek solutions to concerns and issues raised by their members through the resolution process and can disseminate Academic Senate resources such as papers, Rostrums, and event information.

There are currently six ASCCC Caucuses that are active, and four that are past caucuses: Noncredit Faculty Caucus, Vocational Education Caucus, Part-Time Faculty Caucus, and LGBT Caucus. For additional information on the process to become a caucus, you may visit the ASCCC Caucus webpage.

**Small or Rural College**

The purpose of this caucus is to discuss and promote awareness of the academic and professional matters unique to the faculty and students of small or rural colleges within the California Community College system. There are many issues and challenges that these colleges face which are different from the larger or more urban colleges, such as economy of size, smaller part-time pools due to large travel distances, and serving rural community needs. As a caucus, we intend to be very active and represent the concerns, issues, and needs of the small or rural colleges. For more information about the Small or Rural college caucus, please contact the chair below.

**LGBTQIA+**

The caucus will inform and advise the ASCCC and other professional organizations of the unique needs and challenges faced by LGBTQIA+ students and employees. It will also develop resources to create welcoming environments free from discrimination for all students and employees including those whose sexual orientation or gender expressions is in the minority, so that they can reach their academic, personal, and/or professional goals.
**Latinx Caucus**

According to the Tomas Rivera Policy Institute Chicano/Latino students represent nearly half of the potential college population in California; related to this, Latinx students represent the largest percentage of ethnically diverse students (43%) enrolled in the California community colleges. Yet Latinx students face serious challenges to access, entry, and effectively moving through the community college experience.

The ASCCC Latinx Caucus will address the concerns related to Latinx student access, entry, and success in California Community Colleges by studying issues and actively engaging in advocacy within the ASCCC to address the challenges to Latinx student success. In this regard, the Latinx Caucus will propose and lead workshops at ASCCC Plenaries, as well as other ASCCC-sponsored conferences, to address such issues as increasing the proportion of Latinx tenured and adjunct faculty in the California Community Colleges, increasing the numbers of Latinx faculty who assume leadership positions within local and state Senate activities, supporting DACA and immigrant students’ access, entry, and success into the California Community Colleges, and generally addressing the wide range of challenges that face Latinx students in our community college system. Along with the latter, the Latinx Caucus will serve as a support group for new and continuing Latinx Senate members to develop their competence and success as Senate leaders. The Latinx Caucus will also be a welcoming group to any member of the ASCCC who wants to join in efforts to address the concerns of the Latinx community of educators within the California Community College System.

Finally, the Latinx Caucus will serve to advise the ASCCC membership on how various initiatives will impact Latinx students.

**Womxn’s Caucus**

To foster a culture shift within the California Community Colleges that embraces and encourages womxn to actualize their leadership potential.

The caucus will advise ASCCC on norming language regarding womxn and leadership in ASCCC policies, procedures and publications, provide a network of support for the ongoing development of womxn in leadership that reflects the diversity of our students in California, provide formal and informal mentoring to new and potential womxn leaders who will then serve as role models to colleagues and students and identify and remove systemic barriers for womxn leaders at the state and local levels.

**Black Caucus**

To support the teaching and learning goals of Black faculty and students by prioritizing an equity lens that considers the Pan-African perspectives of Black people and how it impacts their experiences in education such as the implications of race and ethnicity, intersectionality, socioeconomic status, diverse hiring pools, micro-aggressions, leadership role disparity, and how new initiatives impact Umoja Programs and Black students as a disproportionately impacted population.
Asian Pacific Islander

The Asian Pacific Islander caucus’ purpose is to:

- Advocate for issues central to API individuals in the Community College System including, but not limited to:
- API representation in all levels and constituencies of College and District employment
- API student access to full range of educational and institutional services, programs, and benefits
- Interrogation and dismantling of API stereotypes in College systems and institutions
- Advancing agenda on racial equity and social justice work within institutions and system wide
- Amplify API participation and voice
- Connect API Community College Professionals throughout California
- Promote knowledge about the specific histories and identities of API populations in Higher Education
- Study the impact of higher educational initiatives on API student populations, and advocate for change in institutional teaching and learning practices
- Understand the experiences and challenges of API student populations in California Community Colleges

ASCCC SERVICES

Faculty Empowerment and Leadership Academy

The ASCCC reimagined and relaunched its professional development academy, now called the Faculty Empowerment and Leadership Academy (FELA). FELA’s mission is:

**TO CONNECT:** Providing one-on-one mentoring to diverse faculty for personal and professional development with mentors who are campus leaders and/or administrators.

**TO EMPOWER:** Creating safe and brave spaces for courageous conversations to investigate equity, diversity, and inclusion; to share personal and collective experiences on race, privilege, and oppression; and to embolden new faculty leaders to advocate for transformative change on their campuses.

**TO GUIDE:** Providing networking opportunities and sharing guidance for navigating the systems of higher education. The focus of the mentoring will be to address the specific goals of the mentee.

In 2020, the first cohort of FELA was introduced and participated in the academy through spring 21, culminating in a graduation celebrated at the Faculty Leadership Institute. The ASCCC has now accepted its third round of mentors and mentees and is working on applications for next year’s cohort.
ASCCC Awards

Over the last five years, the ASCCC worked to improve its awards process by updating the Awards Handbook, utilizing an online submission portal for awards, as well as updating the rubrics used to evaluate applications. Winners of each award are posted on the ASCCC website, under each of the award pages.

Exemplary Program Award

Established in 1991, the Exemplary Program Award recognizes outstanding community college programs. Each year the Executive Committee of the Academic Senate selects an annual theme in keeping with the award’s traditions. Up to two college programs receive $4,000 cash prizes and a plaque, and up to four colleges receive an honorable mention and a plaque. The call for nominations goes out in October with an announcement letter, application, criteria and scoring rubric. This is a Board of Governors award, is sponsored by the Foundation for California Community Colleges, and awardees are recognized by the Board each January.

Hayward Award

The Hayward Award is an annual statewide award given to four faculty members, two full-time faculty and two part-time faculty, who have been nominated by peers from their college. Named for former California Community College Chancellor Gerald C. Hayward, the award honors outstanding community college faculty who have a track record of excellence both in teaching and in professional activities and have demonstrated commitment to their students, profession, and college. Recipients of the Hayward Award receive a plaque and a $1,250 cash award. A call for nominations goes out in November with an announcement letter, application, criteria and scoring rubric.

This is a Board of Governors award, is sponsored by the Foundation for California Community Colleges, and recipients are recognized by the Board each March.

Regina Stanback Stroud Award

The Stanback-Stroud Diversity Award, named for former Senate President Regina Stanback Stroud, honors faculty who have made special contributions addressing issues involving diversity. One person receives a cash award of $5,000 and a plaque. A call for nominations goes out in December with an announcement letter, application, criteria, and scoring rubric. This is a Senate award, is sponsored by the Foundation for California Community Colleges for $5,000, and is presented at the Spring Academic Senate Plenary Session each year.

Norbert Bischoff Faculty Freedom Fighter Award — Awarded Periodically

The Norbert Bischoff Faculty Freedom Fighter Award (NBFF) is presented to faculty leaders who have exhibited exceptional leadership skills by helping to maintain a healthy and functional system of governance or by having demonstrated exceptional
courage and effectiveness in support of the adopted principles and positions of the Academic Senate. In 2009, the Executive Committee renamed this award after the Senate’s founding father Norbert Bischof.

**CCC Advocate Award – Awarded Periodically**

The CCC Advocate is presented to legislators who have demonstrated commitment to the California Community College System and its unique mission and role within state public postsecondary educational system. The award recipient is nominated by Executive Committee members and approved by the Executive Committee. The award recipient is recognized at one of the bi-annual plenary sessions.

**BUDGET ALLOCATION AND PROCESS**

The ASCCC follows regulations and rules that govern the operation of nonprofit organizations in the state of California. Annually, the ASCCC allocates funding towards line items in the budget, meant to propel the mission and vision of the organization. In April or May of each year, the executive director prepares a preliminary budget for the following year, that is discussed and approved by the Executive Committee. The approval of the preliminary budget is required for the organization to operate over the June - August months. In August, a final budget is presented for approval to the Executive Committee, which will then be used to set target revenue and expenses for the year.

The ASCCC annually undergoes an external audit by a qualified accounting firm. The yearly audits area available on the ASCCC website, under Audit Reports. You may reference the Financial Review Sheet, with terminology typically used in the budgeting and accounting process under Appendix E.

You may access the ASCCC Budget for 2022-23. Budgets from previous years can be viewed under Appendix F.

Appendix B: Executive Committee Demographic Data

The table indicates an overall increase of diversity over time within the ASCCC Executive Committee. In particular, there have been significant gains in faculty who identify as Hispanic/Chicano/Latinx and Asian/Pacific Islander/South East Asian to the committee. Overall, there has been a decline in representation for faculty that identify as Caucasian/White/Jewish and we see an increase in 2020-21 on representation of Black/African American faculty, and then a decline in representation beginning in 2021-22.

The representation of the governing body of an organization is critically important, as diverse representation provides more voices; critical to make collective change. The ASCCC remains committed to advancing inclusion, diversity, equity, antiracism, and accessibility.

Find the Executive Committee Demographic Data 2018-2022 available online.

1 The data was collected by conducting a survey of all past and present ASCCC Executive Committee members. Members were asked to provide their self-identification, which was then categorized using existing ethnic categories used for the Standing Committee Appointments Diversity Reporting.
