ASCCC Executive Committee Norms

We are a collective of diverse educators who honor and celebrate the respective voices and lived experiences of its members in order to engage in authentic abolitionist work. As an Academic Senate for California Community Colleges Board Member, I commit to the operational principles or expectations that implicitly or explicitly govern my actions:

**AUTHENTICITY**

- Speak your discomfort.
- Be honest and genuine.
- Have your actions match your words.

**COLEGIALITY**

- Honor and appreciate experiences, knowledge, and the diversity of our perspectives.
- Provide and accept feedback with humility and respect.
- Commit to learning from and listening to each other, recognizing that multiple viewpoints increase our awareness and understanding.
- Allow others to speak their truth and listen without prejudice.

**HONOR AND DEDICATION**

- Share the space, step up, step back; ensure all voices are heard.
- Be thoughtful, solution-oriented and seek positive outcomes.
- Commit to your roles and responsibilities: be prepared (and be honest if you are not).
- Respect Confidentiality (honor confidentiality: information by not sharing any ASCCC-related matters shared during closed meetings, with other persons or entities who did not attend those meetings).
- Honor the dedication of committee members.
- Think creatively, but don’t act impulsively.

**SELF-AWARENESS, PRESENCE, AND PATIENCE**

- Communicate with respect and humility: recognize personal biases and avoid making assumptions when interacting with others.
- Exercise patience when others challenge your ideas, change their minds, or ask questions.
- Practice grace and gratitude when conflict resolution is needed: be forgiving of yourself and others.

Month: December Year: 2022 SUBJECT: Spring 2023 Accreditation Regional Meeting

DESIRED OUTCOME: The Executive Committee will review and consider approval for an in-person Accreditation Regional Meeting for February 10, 2023 in Los Angeles area.

BACKGROUND

At its November 14, 2022 all-day meeting at Woodland Community College, the ASCCC Accreditation Committee discussed its activities for the remainder of the year. Due to this being an off year for the ASCCC Accreditation Institute, and due to the ACCJC’s decision to focus on Updated 2024 Accreditation Standards Draft activities, and thus not hold an institute this year, the ASCCC Accreditation Committee would like to hold an in-person Regional Accreditation Meeting in Southern California (also offering some level of virtual participation). The choice to do this in the south was based on the number of Los Angeles (and surrounding area) area colleges that would be either visited by the ACCJC or submitting ISERs during the Spring and Fall of 2023. The event would be a full day event from 9am to 3pm on Friday - February 10, 2023. The proposed topics would be the following:

1. Accreditation During Challenging Times
   - Faculty role during these disruptions

2. Innovations
   - Credit for Prior Learning
   - Competency-Based Education
   - Microcredentialing

3. Ensuring Quality in the Comprehensive Review Process
   - Formative/Summative process
4. IDEAA/Social Justice
   • Regional Perspectives and Approaches to Disaggregating Data
   • Social Justice and Accreditation

5. The New 2024 Draft Accreditation Standards
   • Faculty Role in Accreditation

BACKGROUND

The Data and Research Committee is a new ASCCC Committee. Out of an interest in informing the field about the purpose of the Data and Research Committee, the committee would like to propose a series of three webinars in the spring 2023 semester. Possible topics include:

1. An introduction to and overview of Datamart and/or other data sources.
2. In partnership with the RP group, a webinar focusing on methods of data disaggregation and an overview of the Percentage Point Gap -1 (PPG-1) method of measuring disproportionate impact.
3. Following-up from the Data and Senates general session at the Fall 2022 Plenary Session, a discussion of the importance of faculty involvement in data discussions with a focus on methods of collecting and analyzing qualitative data.
Background

Immediately following each plenary session, the Resolutions Committee chair is required to bring forward the resolutions for assignment to individuals or groups. Specifically, the resolution’s manual states,

The President and Executive Director meet to develop a list of draft resolution assignments to Senate committees, task forces or appropriate individuals. At the first Executive Committee meeting following the plenary session, the Resolutions Chair submits an agenda item for first reading and action of the draft resolution assignments and the resolutions referred by the body at plenary session. The Resolutions Committee will provide the Executive Committee with recommendations on how to dispose of the referred resolutions. The Executive Committee will approve the resolution assignments and act on the recommended dispositions of the referred resolutions and make assignments as appropriate to complete the tasks included in the referral instructions. Prior to the next plenary session, the Resolutions Chair will monitor the work on the referred resolutions and ensure that any revised resolutions are submitted to the Executive Committee in time for review and recommendation to Area meetings per the timeline assigned in the referral.

The President and Executive Director have developed a list of draft resolution assignments as noted on the attached spreadsheet. The Executive Committee will consider for approval these resolution assignments.

- Panel was suggested by two members. This will allow to field direct questions.
- This draft seems to be different.
- As we plan, we can present options to highlight
- Have Catherine Web so that the philosophy and strategy that influenced their decisions can be discussed. This will also allow for questions and answers.
- All of the main sessions will be hybrid.
- Breakout Session Descriptions are due by 10/7. It needs to be connected to the theme.
- Amendment - The librarians would like to have an ongoing part in the accreditation standards.
- Librarians had a sub-standard in the past and the current standards do not mention the librarians.
- The standards are utilized differently depending on the group. The standards are intended to represent the expectations the Department of Education is requiring.
- Input period is vital as the standards are important for local institutions because the process needs to be developed.
- Is there a culture change that needs to happen and if so, how do we get information out to facilitate this?
- All area meetings will be virtual.
- We can still form more resolutions, they just have to go through the area meetings.

- We usually have a priority list of the resolutions. Resolutions have not been sent to this committee.
- We can participate in different ways
- It is good that we have members from the commission to help us plan and be present in these meetings.
● Link for the strategic plan -
● Rostrum immediate action and Resolution
● Develop a resolution to adopt request
● Events to inform on updates of papers.
● Past committee recommended that webinars and regional events regarding accreditation.
● Webinars - Randy Beach has some ideas. It should really be around standards.
● 3-1 hours Townhall sessions are coming up. Great for disseminating information, but not for feedback.
● Coffee break talks could be an informal feel so there will not be a threat of retaliation.
● Hopefully the feedback will be viewed intentionally.
● There is not likely to have significant change. Possible language changes such as more inclusion of librarian services.
● The town and focus of the standards is different as they are less prescriptive.
● Many faculty, not involved with accreditation do not know what it is. Part of the sessions could be about what accreditation is, what the current standards and the evolutionary trends.
● Having an opportunity with a theme is how do individuals relate to the standards.
● The input needs to be representative and not just the faculty representatives point of view.
● What processes need to be put in place for representation in the standards?
● Timeline: Frequency: At least 2 if north and south or through Area reps, 2 topics for this term and then we can discuss 3 topics for the spring
● How IDEAA fits in the standards
● Accessibility is a part of IDEAA
● First meeting in October and the second in November on Tuesdays or Thursdays about an hour long. 10/18 1 PM - 2 PM, 10/20 4 PM - 5 PM, 11/16 3 PM - 4 PM, and 11/17 4 PM - 5 PM

Roll Call

ASCCC, CCCEO CCCCO, Antelope Valley, Bakersfield, Cypress, Foothill, MiraCosta, Rio Hondo, San Diego Mesa, Santa Ana, Santa Monica, Shasta, Skyline, West Los Angeles

Absent: CCCCIO, Feather River, Modesto, Solano

1. Review of minutes: July
   Jeff Gordon, Santa Monica College, moved to approve the minutes.

   Carmen Dones, West LA College, seconded the motion.

2. ASCCC Update (Cheryl Aschenbach)
   Cheryl Aschenbach reported approximately 600 people attended the 2022 Curriculum Institute, (~400 in person and ~200 online). Some topics of discussion included baccalaureate degrees, general education, and title 5 changes to § 55063. AB 928, the single transfer pathway (CalGETC), was presented at the general session as well as some of the breakout sessions. This is a great time to look at CCC general education within the CCC system.

3. CCCCO Update (Candice Brooks/Sean Madden)
   Sean Madden shared the following:
   · BDP Applications
     o Cycle 1
       § Program review criteria and scoring rubric were vetted by CO executive leadership and the BDP Workgroup.
       § Applications will be scored anonymously by a team of 10 readers composed of BDP Workgroup volunteers and CCCCO staff. Our internal CCCCO BDP team will informally score the applications as a means of improving the application for future cycles.
       § Readers were trained July 19. Each reader will score approximately 3 applications. (Bakersfield’s application was determined to be ineligible, so only 9 of the 10
applications received will be scored—the primary reason for ineligibility is the application did not have clarity on the transition from the associate degree and employer demand). The review process will be anonymous. All scores are due by July 27. Scores will be tallied by the end of July.

§ The CCCCO will be scheduling meetings with the CSU to review duplication concerns regarding applications from Feather River, San Diego City, and Moorpark. These meetings will likely occur in late August and will yield written, intersegmental agreements.

Questions regarding duplication concern process. At this time the colleges have not been notified about the meetings. They will receive notification from the CCCCO.

Jim Dekloe reported biomanufacturing is fundamentally different, Moorpark College modeled their program after MiraCosta and Santa Monica, but they are still having issues with CSU duplication concerns.

§ Once the Cycle 1 review process is complete, applicants will be notified of their application status (i.e., conditional approval, not approved and eligible to resubmit, denied). Full approval of BDPs will not be granted until the CCCCO submits a list of recommended BDP applications to be reviewed and approved by the Board of Governors in September.

- Next application cycle
  § The internal CCCCO BDP team will revise the application this summer in anticipation of accepting submissions for the next application cycle in Fall 2022.

  A question was raised about compliance with legislation if the next cycle is delayed. Sean said it is possible a request is being made to revise the legislation—he will ask Dr. Brooks for clarification.

  - BDP Workgroup
    o The workgroup will convene for its second meeting in Fall 2022. The inaugural meeting was held in May 2022. The CCCCO will begin soliciting availability of workgroup members for the second meeting in August.
    o The goals of the workgroup are to update the BDP Handbook and the PCAH by December 2022.

  - Tentative Webinar
    o CCCCO will be coordinating with the Community College Baccalaureate Association (CCBA) to host a webinar in Fall 2022 that will help CCCs prepare for future BDP application cycles.
Dr. Aisha Lowe will be presenting an agenda item about the Baccalaureate Degree Program (BDP) and would like to have one or two BDP students speak about the importance and impact of their baccalaureate degree program. Can you please recommend a student that would be willing to speak for few minutes about BDP at Monday’s BOG meeting? The BDP agenda item will more than likely take place during the afternoon. If you have a student in mind that has a flexible schedule on Monday, July 25, please send Dean Brooks (cbrooks@cccco.edu) their name, contact information, college, and program name by this Friday, July 22.

4. CCCCIO Update

No report

5. CCCCEO Update (Tim McGrath)

Tim McGrath announced San Diego Regional Consortium and Los Angeles/Orange County Regional Consortium are discussing baccalaureate degrees and the possibility of using strong workforce funds to support travel for new BDP members.

6. Articulation Update (Estella Narrie)

Shelly Hess reported on behalf of Estella Narrie and Elizabeth Rameriz. She, Candice Brooks, Juan Arzola, and Elizabeth Rameriz gave a baccalaureate degree presentation during the Curriculum Institute. They provided an overview of the historical evolution of BDPs in California and across the country, the importance of BDPs in addressing gaps in opportunities for historically marginalized community college students, and useful approaches to developing and offering a BDP.

Clarification requested if colleges and/or districts may submit more than one application during a cycle.

7. BDP Research Update (Hai Hoang)

2. ASCCC Update (Cheryl Aschenbach)
   Aschenbach reported ASCCC launched a survey regarding the proposed AB 928 single transfer GE pattern, CalGETC. They are also discussing the possibility of aligning the CC general education pattern that would restructure the current Title 555063 requirements. Additionally, the baccalaureate degree GE pattern will be presented at Fall Plenary.

3. CCCCO Update (Candice Brooks/Sean Madden)
   Hess shared the following information on behalf of the CCCCO.

   Dr. Brooks encouraged the BDP members to review and listen to the July 21, Consultation Council minutes. The BDP Implementation Update presented by Vice Chancellor Lowe starts at 1:53. Lowe provided a full overview of the CCCCO BDP implementation timeline.

   Dr. Brooks also encouraged the BDP members to review and listen to the July 25, Board of Governors’ minutes. Agenda Item 6.4, The BDP Implementation Update starts at 3:17:19. Vice Chancellor Lowe, Dr. Constance Carroll (President and CEO of CCBA) and a couple BDP students presented at this meeting. Dr. Carroll gave a presentation about the purpose, impact, and outcomes community college baccalaureate degrees. The students’ testimonies about their BDP experiences...
were very powerful.

Updates to the Chancellor’s Office Curriculum Inventory system should be complete and ready for BDP entries early this fall.

Brooks also provided CCCCO responses to the following BDP questions.

1. Are colleges/districts able to submit more than one application per cycle?
   
   *Code, eaBased on Education each district can only submit one application per cycle (i.e., all language refers to “a district” seeking authorization to offer a BDP)*.

2. Will the Chancellor’s Office consider approving more than 15 applications in January since there was only one submission cycle this year?
   
   *Changing the number of new programs to more than 15 per cycle will require legislative changes. As such, we are unable at this time to approve more than 15 applications per cycle.*

Discussion continued. Grande shared the Board of Governors is very interested in baccalaureate degree programs.

Reid shared concerns regarding CSU response to duplication and the potential impact on the development of new baccalaureate degrees in rural areas where there is a need and there are no programs available for students.

Additional questions for the CCCCO:

1. Is ACCJC approval recommended or required prior to application submission?
2. Is there a requirement colleges must have an existing associate degree for a baccalaureate degree? Bakersfield reported their application for a baccalaureate degree based on guided pathways was determined ineligible.
3. Will additional baccalaureate degrees be allowed if there is an existing baccalaureate degree within the region, particularly if the labor market information does not validate the need?

4. CCCCIO Update

- Agendas and Minutes

Discussion continued regarding URL—many members would like the page to have an Edu URL; however, the process to secure one is quite extensive.

6. Building the Pipeline

Tina Recalde led the discussion how to be more strategic as a group to advocate for our baccalaureate degree programs, ensure we have sufficient enrollments, and students throughout the state can actually find our programs and have the opportunity to participate in them. She mentioned some programs are completely online and have flexibility for students to attend from their current location, providing there are no issues with clinical rotations. She proposed the colleges market their programs to the pipeline of associate degree students statewide. For example, students who complete the automotive program at San Diego Miramar could go directly into Rio Hondo’s programs for the last two years.

Tina opened the floor for discussion.

Cynthia Quintanilla reported Bakersfield has articulated their courses with 6 other campuses throughout California and they are working on expanding the agreements with additional colleges. She explained they work with the civ.net and they’ve articulated their electronics courses. The courses have been approved, they are posted, campuses can refer to the civ.net website to see what would match up on their campuses.

Jolena Grande, Cypress College, reported they have reached out to all of the accredited funeral service education programs across the United States. Particularly, the program at American River College. They can offer ARC associate degree graduates a pathway to completion into the Cypress baccalaureate program that takes only three semesters.

Tina recommended the colleges share their articulation agreements and unique opportunities on the new website so that students and faculty at other colleges are aware of the opportunities available.

Claudia Roma, Rio Hondo College, reported during the summer they went through all of the college catalogs and websites and downloaded the information for approximately 60 community college automotive degrees. They can easily develop agreements with colleges that have ASE certified programs. She said they will connect with the articulation officers at the colleges with similar programs.
within the next few weeks.

Cynthia Quintanilla also shared they have started providing outreach to their early college students. This enables students to complete all of their prerequisites while they're still in high school come out with their associate degree. When these students graduate from high school, they will be ready to the upper division program, industrial automation.

Russell Reid, Feather River College, reported they are fortunate enough and some of your campuses already have AG program. He explained the AG program has a pretty active California Teachers Association, which is a strong organization that meets regularly. They also include two-year colleges and de four-year colleges in the organization. Additionally, they attend FFA conventions, which provides another opportunity for marketing. They have some competition from Chico State, Cal Poly, and Fresno State.

Jim Dekloe, Solano College, reported they have negotiated a guaranteed admission. Students who complete a bachelor's degree at Solano College have a guaranteed admission to a Ph.D. program with a master’s degree on track to the Ph.D. at Thomas Jefferson University. Solano also has an articulated pathway with high schools which provides a pathway from high school through a Ph.D.

Jim also reported Solano College and Mira Costa College are working with the statewide biotechnology directors and have developed a clear pathway from other colleges that have a biotech associate degree

Elayne M. Rodriguez, Skyline College, reported they have an agreement with Loma Linda University. Students receive a discount to earn a master’s degree. Additionally, they have a guided pathway from high school to the baccalaureate program.

Estela Narrie, Santa Monica College, shared they have various articulation agreements with CCC and FIDM.

Tina Recalde, San Diego Mesa College, shared many of their students have moved on to master degree programs. She recommended all of the pathways are shared on the website.

7. BDP Entry-Survey (Hai Hoang)

Hai Hong, San Diego Mesa College, walked the committee through pre-survey. He sent a draft of the survey, received feedback from Antelope Valley.

Hai asked what type of identifying information should be collected: name, ID, email, college name, email, etc. There was a recommendation to ask students for a personal email address or a second email. It was agreed to collect Student ID information.

Hai requested recommendations for changes to the multiple-choice questions. Recommendations included:

- Additional options for work, degree, salary advancement information, etc. As well as the ability to select more than one option for career, i.e., job promotion;
• Currently employed question: if students yes, add a new set of questions, salary, where living, etc.;
• Question 11—finish within 2 years—add military obligations as one of the barriers
• Add more specific information to the work question—are students working in the field or an unrelated field. Everyone agreed it is important to collect all work-related information as it may show improvement.
• Add student services questions—i.e., does a feeling of belongingness predict success. Claudia Romo will reach out to the transfer/counseling groups for sample questions.
• Include demographic information: age, gender, race/ethnicity, etc.

8. Distribution List (Shelly Hess)
Shelly Hess, San Diego Community College District, shared the distribution list. She encouraged members to continue to update the list.

https://drive.google.com/file/d/17hU9ME3QAKPzz0IJtsTGYFCRpJTJ1JsU/view?usp=sharing

9. Legislative Update (Tina Recalde)
Tina Recalde, San Diego Mesa College, shared information regarding SB 874. Chancellor Carroll and Chancellor Minor are working with Jose Medina on the new bill which asks for current programs to become permanent and removes the limit of maximum number of programs. Shelly Hess emailed the bill to the members. Tina recommended members share the information with their campuses and develop strategies for advocacy.

Announcement made regarding Dr. Candice Brooks’ transition out of the CCCCO. VC Lowe will fill in until a new dean is hired.

Introductions made (name, appointing organization, affiliated college).

Review of workgroup purpose
- Workgroup purpose reviewed. VC Lowe expressed appreciation for the group’s involvement and participation in the workgroup.

BDP Cycle #1 Overview and Discussion
- New procedure: BOG president approves programs before the BOG, as a whole, reviews and approves.
- BDP application approval requirements reviewed. The workgroup’s feedback on these requirements will improve the application review process in Cycle 2.
- Three BDPs are still undergoing intersegmental duplication analysis. The CCCs and CSU disagree on whether CCCs can proceed with BDPs without CSU’s approval.
  - Question regarding CSU approval.
    - Answer: AB 927 stipulates that BDPs must have intersegmental agreement in writing. The legislation is vague on the parameters of the agreement. We are proceeding under the auspices that our conversation regarding duplication concerns must be documented. We must document where we agree with the other segments and where we do not, but the CSU and UC cannot stop us from moving forward with BDPs.
  - Question regarding a college continuing to offer AA/AS degree after establishing a BDP in the same discipline.
    - Answer: The Chancellor’s Office is wrestling with this aspect of the legislation. Some of the 15 pilot colleges discontinued their AA/AS degrees after their BDPs were established. Under law, the pilot colleges weren’t required to continue to offer their AA/AS degrees.
    - Comment: Turning a lower-division course into an upper-division course can pose problems for students, especially those returning to school after a hiatus to complete their degrees.
  - Four approval types (Full, Conditional, Provisional, Resubmission) reviewed and explained.
Question regarding what action a college can take based on the type of approval they are given.

- Answer: Colleges cannot proceed with their BDP until their BDP has full approval. Colleges cannot move forward with only conditional or provisional approval. The BDP Handbook will need to be updated to reflect these approval types.

  The approval type awarded to each Cycle 1 applicant was reviewed. LA Valley is the only program that was not approved. Provisional applicants will soon be contacted via email regarding securing ACCJC approval. All conditionally and provisionally approved applicants will receive a letter of congratulations from Interim Chancellor Gonzales.

- Next steps for Cycles 1 and 2 reviewed.
  - The Chancellor’s Office was supposed to complete Cycle 1 by May 31, 2022. We were unable to meet that deadline; six months was not enough time to complete the cycle.
  - Question regarding intersegmental process.
    - Answer: CCCs, CSU, and UC have so far disagreed on criteria around duplication (regional vs. statewide) and the definition of an “already offered” program. The CCCs believed, based on the legislation, that duplication was a regional matter. The Chancellor’s Office general counsel interpreted the law in CCCs’ favor—that the CCCs have authority over how programs are approved and how duplication concerns should be handled. UC and CSU believed duplication was a statewide matter. CSU complained to the legislature about CCCs’ interpretation, and the legislature ruled in favor of CSU, stating that duplication is a statewide matter. To resolve duplication concerns, we expect the CSU and UC to complete a duplication analysis form and provide compelling evidence of duplication (e.g., curriculum, SLOs). CSU has responded positively to the form and has pushed their faculty to provide compelling evidence. At this time, CSU is considering dropping their duplication concerns with SD City and Moorpark. The Chancellor’s Office will meet with CSU in late October to discuss duplication concerns around Feather River’s BDP. We hope to find consensus around criteria. All three BDPs (SD City, Moorpark, and Feather River) are strong and should be moved forward. We intend to move forward with these programs unless CSU presents compelling evidence of duplication. It is important to have advocacy at the college level for the importance of CCC BDPs.

- Comment: Moorpark BDP is modeled after two existing CCC BDPs. Fear that CSU might stop CCCs from duplicating our own programs.
  - Response: Legally, the CSU cannot prevent the CCCs from duplicating other CCC programs.
Question regarding duplication of programs within the CCCs, i.e. one CCC program duplicating another CCC program. Concern voiced about online programs infringing on in-person programs statewide. Concern around oversaturation of the market.

- BDP Cycle #2 Updates and Discussion
  - Pre-application process
    - Comment that it would behoove us to resolve duplication concerns early on to expedite the processing of applications.
    - Comment that we ought to create a rubric that UC and CSU can use to evaluate their duplication concerns. VC Lowe appreciates this idea as it would force the segments to shape their concerns around a set of criteria.
    - Comment that CSU faculty can be very supportive of the same BDPs that CSU administration can be unsupportive of. Are there point people at the CSU who can properly evaluate duplication? Do our colleges have folks who can speak to regional duplication?
    - Comment that duplication needs to be clearly and thoroughly defined. The definition of duplication must be a part of the duplication rubric. The rubric should also include an LMI component that asks whether duplication of programs might lead to closing workforce gaps.
    - Comment that it takes at least 90 days for US Department of Education to approve a BDP.
    - Comment that financial aid only goes to colleges who are listed as active in COCI. Our BDP application includes a FAFSA requirement but does not include anything about securing US Department of Education approval. Students can only access financial aid once US Department of Education approval is given, so the sooner a college can get approval, the better for students.
    - Comment that we might consider creating a preapplication that attends to duplication concerns and other requirements (e.g., BOG fee waiver). The preapplication might also include a requirement for LMI data that substantiates the creation of a proposed BDP.
    - Comment that curriculum is a local decision. The college’s region may deny a request, but the college may move forward anyway. Technically, there isn’t a requirement for regional consortia approval, only a requirement for consortia review and recommendation.
    - Comment that evaluating LMI data related to an AA/AS program is different than evaluating LMI data related to a four-year program.
  - ACCJC preapproval
    - Question to the group: where in the application timeline should ACCJC preapproval fall?
    - Question regarding timeline of approval.
      - Answer: the Chancellor’s Office doesn’t have to approve a proposed BDP before ACCJC approves it. We have clarity on this.
Comment that ACCJC approval costs money, and there are only two ACCJC approval cycles per year.

Comment that it might benefit the colleges to get preapproval from the Chancellor’s Office before they seek ACCJC approval so they don’t feel like they’re wasting their time.

Comment that ACCJC and Chancellor’s Office approval processes might be made parallel.

Comment that the legislation states that a program must receive accreditor approval but is not specific on when.

Comment that we might reach out to Cycle 1 applicants to inquire how they handled securing ACCJC approval.

Comment that we don’t want obtaining ACCJC approval to impede colleges from submitting a BDP application to the Chancellor’s Office.

Application and Scoring Rubric revisions

The revised Cycle 2 application was reviewed.

Comment that application should require SOC code.

Comment that application should require TOP code and CIP code as well as name and TOP code of AA/AS.

Comment that attachments for application questions should adhere to set file naming conventions.

Invitation to the group to review the Cycle 2 application. Workgroup members are invited to review page limits assigned to responses to each question. Intention is to release the Cycle 2 application in early October.

Comment that Centers of Excellence has a rubric for interpreting LMI reports/data. Sandra Sanchez will supply. This rubric will streamline the preapplication process in terms of evaluating the quality of proposed BDPs.

Comment that faculty qualifications need to be defined. Who are they? Are they already hired at the college? Do they meet ACCJC’s minimum qualifications for faculty teaching in a four-year program? Should we ask for CVs?

Comment regarding faculty shortage, difficulty with finding qualified faculty.

Comment that faculty qualifications are the purview of the Academic Senate. No changes can be made to the current baccalaureate MQs without ASCCCC recommendation. ACCJC MQs are more stringent than ours.

Scoring process

The Chancellor’s Office is interested in redistributing the points awarded.

Comment that there may be too much weight given to LMI.

Comment regarding difficulty of answering final “overall quality” question—whether a low score indicates that the scorer thinks a program shouldn’t be approved.

Question regarding equitable student outcomes vs. SLOs.
• Question regarding the components of the institutional financial stability section of the rubric.
• Question regarding what constitutes substantial student interest in a BDP. “Substantial” needs to be defined. “Substantial” isn’t defined in the PCAH.

• Subgroup assignments
  o Subgroups reviewed.
    ▪ Group A (PCAH and BDP Handbook revisions)
    ▪ Group B (Professional Development and Technical Assistance)
  o Intention is for subgroups to meet either immediately following BDP workgroup meetings or at another predetermined time.

• Choosing dates for Meetings #3, 4, and 5

Special Meeting of June 27, 2022

MINUTES

In attendance Constance Carroll, Dolores Davison, Jason Dixon, Andrew Dowgiert, Larry Galizio, Pam Luster, Judy Miner, Francisco Rodriguez, Kevin Trutna

Unable to Attend Sunny Cooke

1. Welcome and Introductions. Chair Judy Miner called the meeting to order at 10:35 a.m.

2. Approval of Minutes. The minutes of the May 10, 2022, meeting were approved (m/Luster, s/Trutna).

3. CCC Chancellor’s Office. Judy and Constance brought the Board up-to-date regarding recent interactions and information pertaining to the California Community Colleges Chancellor’s Office:

   • Regulation. Constance shared the CCC Board of Governor’s new regulation regarding approval of baccalaureate programs. The new regulation adds Section 429 to Article 7 of the Board of Governors Standing Orders.

   • Approval Process. Judy and Constance have had Zoom meetings with Candice Brooks and others regarding the current status of the 10 proposals that were submitted for the January 15 deadline. Board members expressed concern about the delays by the Chancellor’s Office in the approval process. Judy expressed specific concern that the delays in approval should be explained by the CCCCO to the field and that if the August deadline is postponed, this should also be conveyed to the field as soon as possible.

   • Accrediting Commission. Constance updated the Board regarding the confusion caused by incorrect information that was shared by the CCC Chancellor’s Office with the field regarding the timing of substantive change requests to the
Accrediting Commission for Community and Junior Colleges (ACCJC), which has subsequently been clarified by the CCCC at the request of ACCJC Interim President Cindy Miles. Colleges now have the option of filing for ACCJC substantive change either before or after submitting a proposal to the CCCC.

- **CCC Chancellor’s Departure and Future Liaison.** In view of the forthcoming departure of CCC Chancellor Eloy Oakley, the Board felt that it would be important to schedule a meeting with the interim chancellor as soon as that appointment has been made to ensure continuing support for the baccalaureate program.

- **CCCCO Staff.** It was agreed that Judy and Constance would request another meeting with the CCCC staff responsible for the baccalaureate review and approval process to renew the offer of assistance in reviewing and processing proposals. It was also indicated that a new CCCC staff person, Leslie Leblanc, will be working on the baccalaureate process. Judy will follow up.

### 4. CCCBA/CCBA Joint Membership

The Board discussed the specifics of the joint membership proposal with the national Community College Baccalaureate Association (CCBA), emphasizing three points: the importance of ensuring a national connection for California institutions; the important benefits that CCBA offers (national conference discount, webinars, technical support, etc.); and the practical support offered by CCBA (membership tracking, data, etc.). The joint membership annual dues and process would be:

- Multi-College District Membership: $1,200. ($950 to CCBA; $250 to CCCBA)
- Single College District/Single College: $600. ($400 to CCBA; $200 to CCCBA) *the error in the original document was corrected.
- Districts and colleges would send payment to CCBA; CCBA would remit the appropriate share to CCCBA.
- CCBA would record and maintain membership records in the data base and would provide monthly membership updates to CCCBA.
- CCCBA and CCBA would work together on marketing membership.

Following discussion, this plan was unanimously approved (m/Rodriguez, s/Davison). It was also agreed by consensus that Constance and Dolores would represent CCCBA in developing a marketing plan with representatives of CCBA.

### 5. 2023 CCBA National Conference

Constance brought the Board up-to-date regarding the CCBA national conference that will be held in Palm springs, California, February 15, 16, and 17. The Board was pleased to see the keynote speakers: Dr. Eboni Zamani-Gallaher (Professor of Higher Education and Community College Leadership, University of Illinois, Urbana-Champaign), Jee Hang Lee (President and CEO, Association of Community College Trustees), and Dr. Martha Kanter (presently CEO of America’s College Promise, formerly Under Secretary of the U.S. Department of Education and
former chancellor of the Foothill-De Anza Community College District). Board members suggested that CCCBA participate in strong marketing for the conference, including Board member names in the materials per Francisco’s recommendation, as well as perhaps having a CCCBA Board meeting during the conference.

6. **BDP Relationship.** Pam brought up a request by the California Baccalaureate Degree Pilot (BDP) group to have a closer and more formal and relationship with CCCBA. Board members thought this was a great idea. Pam will follow up with the group and report back at the next CCCBA Board meeting.

7. **Financial Information.** Larry provided the CCCBA financial update via email.

8. **Adjournment.** The meeting was adjourned at 12:00 p.m.
AGENDA

I. Call to Order and Adoption of the Agenda: Call to Order 1:03
   Agenda adopted by consent

II. Welcome and check-ins.
   Present: Eric Wada, Craig Rutan, Erica Menchaca, Daniel Judge, Emily Banh, Janet Fulks, Brenda Edgerton-Webster, Gina Lam, Meridith Selden

III. Action Item: Review and recommend the Revised AB 705 Paper outline. (Attachment)
   Revised outline approved by Exec last year. Survey responses had more math, less English and fewer ESL data. Plan to write a more focused paper based on Math. Comments and questions on the purpose of the paper were discussed in light of AB 1705. Intermediate Algebra was a concern raised. Consider whether we should introduce the other papers that have come out about AB 705/1705, not a lit review but acknowledgement that other studies or position papers have been published by various sources to show the landscape view of placement and positions on placement. Concern about access for students who need intermediate algebra and whether CalGETC requirements will make “transfer level” math even higher (i.e. to meet UC standards).
   A revised outline was presented following the data presentation that will be sent to Exec.

   Several points were added to the outline e.g introduction the important difference of throughput versus access and success and a glossary.

IV. Discuss ASCCC survey data related to Math.
   Some survey data analysis was done and some points included:
   Reviewing the qualitative data revealed many levels of information. For instance, even though success has increased it is not equal across all the groups.
   Some reported that access was increased but did not decrease equity gap.
   Some reported increased access increased equity gap
   Some reported increased access and success rates decreased.
   Some reported equity gap not addressed and fewer students pursue B-STEM majors. B-STEM majors and minorities in B-STEM have both decreased.
   AB 705 has improved success rates and decreased equity gaps for certain groups; some subgroups have increased.
   Discussion:
   Should we consider equity gap or success in light of the pandemic? The survey tried to ask for those data.
   Seek guidance from Senate Exec regarding outcomes for this paper e.g. position paper, white paper, paper with questions, review of survey only, review of additional data. Etc?

V. Create a workplan for writing the AB 705 Paper. Volunteers for leading and drafting sections.
VI. Assigned Resolutions

AGENDA

I. Call to Order and Adoption of the Agenda

II. Welcome and check-ins.

III. Discuss Transfer-level Gateway Completion Dashboard data related to Math.

Consider comparing the number of students who complete transfer-level Math in one year to the number of students who attempt the course and express the number as a ratio. Ratio numbers greater than one will imply more students do not pass compared to those who pass. A ratio of 1 implies equal numbers of students do not pass and pass. Ideally the ratio is zero. Apply these calculations to statewide data to characterize the outcomes of AB 705 across the state. Consider comparing these ratios to other outcomes to make it easy for a broad audience to understand.

Consider working with the CCCCO to identify and possibly clarify data sources for the dashboard, and present alternative and additional methods of presenting data.

IV. Update on the AB 705 paper

Will be presented to Exec.

V. Plenary session preview

Some presentations on data. Many resolutions to consider on Saturday.

- Chair Aschenbach informed the committee of the hire of Austin Webster, as the legislative advocate for the ASCCC.
- Chair Aschenbach explained that the ASCCC Executive Committee, at the direction of Austin, has decided to host a Meet and Greet to engage with new state legislators and their staff. The event is slated for the evening of January 11th in Sacramento. Committee members were also extended the invite to stay and attend the ASCCC Executive Committee meeting on January 12th.
- Chair Aschenbach explained the schedule in which legislative reports will be delivered based on the actions and behavior of the State Legislative body and Governor’s office.
- Chair Aschenbach discussed the DACA week and importance of keeping an eye on the legislative reports that may impact DACA students in the system.
Chair Aschenbach highlighted the Rostrum article guidelines, requirements, and timeline for committee members to consider article ideas. Committee might consider looking for the spring Rostrum. Committee began contemplating if 1) there is enough time to write a fall Rostrum article; and 2) is there enough support to write a Rostrum article on AB 705 and the impact it continues to have on students, particularly, students of color. Possible article title and implied direction:
  - AB 705: Where do we go from here?
    - Chair Aschenbach will create a google document to allow for all members to add ideas for Rostrum articles with a deadline to input data by September 12th. The group will collaborate via email as needed.
  - AB 705: Why did we get to this point and where do we go?
    - This may be a bigger lift so the committee can discuss it further with the potential of article submission for the January deadline.

IV. Recommend ASCCC Legislative Priorities for 2022-2023

- Chair Aschenbach moved to inform the committee members to consider recommendations for legislative priorities. In particular, ASCCCC President May suggests that two be considered:
  - Getting Academic Freedom enshrined in law
  - Permanent funding for OER Initiative
- Committee members suggested:
  - Learning loss/disruption and the Lost Student: impact of COVID has had on student learning, as well as consideration for students who aren't being served, including by AB 705.

V. Determine Fall Meeting Schedule

- Chair Aschenbach advised the committee that a new approach will be used with liaisons, where liaisons will be invited to attend the last 30 minutes of each meeting. Committee agreed.
- Chair Aschenbach will send out an email to the committee to identify a date and time for meetings to occur. The committee will aim to meet once a month during the fall semester and will consider the frequency of spring semester meetings at a later date.
