

Using the Launchboard for Guided Pathways

Log in <http://www.calpassplus.org/LaunchBoard/guidedpathways.aspx>

– Note: you will need a Cal-PASS Plus password

The screenshot shows the LaunchBoard interface for Guided Pathways. On the left, there are two radio button options for cohort selection: 'First-time ever in college' (selected) and 'First-time, including summer and early college students'. Below these are dropdown menus for 'Select College' and '2015-2016' for the academic year. A 'RUN REPORT' button is at the bottom of this section. A red arrow points to the 'First-time ever in college' option with the text 'Select Cohort'. Another red arrow points to the 'Select College' dropdown with the text 'Select College'. The main content area is titled 'GUIDED PATHWAYS TAB' and includes links for 'DATA VISUALIZATION' and 'RESEARCH TABLE'. A footer contains the address '2300 N Street, Suite 3 Sacramento, CA 95816' and phone number '916.498.8300'.

Select your college and the cohort you want to look at. There are two cohorts. One includes your dual enrolled and other students the other eliminates these students from the results. If you have any summer starts or large dual enrollment you will want to pick the inclusive cohort. You can compare the effectiveness of summer strategies and dual enrollment by comparing results with the other cohort.

This is the statewide data for the cohort without summer and dual enrollment.

The screenshot displays the 'GUIDED PATHWAYS TAB' with filters set to 'First-time ever in college' cohort, 'Statewide' college, and '2015-2016' academic year. A red arrow points to the 'First-time ever in college' filter. Below the filters, there are tabs for 'DATA VISUALIZATION' and 'RESEARCH TABLE'. A dropdown menu is set to 'Down by None'. The main content area is titled 'Participation' and contains six data cards:

Metric	Value	Unit
Number of Students in the Cohort	201,274	Students
Average Number of Credits Attempted in Year One	19	Units
Average Number of Degree-Applicable Credits Attempted in the Year One	16	Units
Full-Time Students	35%	Students
Persisted from Term 1 to Term 2	68%	Students
College-Level Course Success Rate	74%	Students

Using the Launchboard for Guided Pathways

This is the statewide data for the cohort INCLUDING summer and dual enrollment. An increase of 53% more students
